Himanshu Dixit

## Education

**Jaypee Institute Of Information Technology** *2021-25*
*Bachelor of Technology in Computer Science and Engineering* CGPA: 9.2

## Experince

**Fidelity International** *08/2025 - Present*
*Software Engineer* onsite - Gurugram

- Migrated .NET services to NestJS using **MCP automation**, reducing manual effort and licensing costs; ensured **scalability** with Kubernetes.
- Built reusable automation tools to **standardize** and accelerate service migration across teams.
- Migrated Windows-based systems to **Linux and upgraded Python (3.7 → 3.12)** across 12+ apps and 150 jobs, improving reliability and performance.
- Developed data pipelines and **automated scheduling (Control-M → Bash → Python**) secured credentials and managed deployments using UrbanCode Deploy.
- Skill used : **Angular Js, Python, Nest Js, TypeScript, Linux, ControlM, Urban Deploy**.

**Fidelity International** *06/2024 - 08/2024*
*Technology Intern* onsite - Gurugram

- Developed a **real-time call transcription** system for agent training, cutting costs by 60% and improving scalability.
- Reduced transcript evaluation time from **30 min to under 2 min**.
- Created APIs for **GPT-3.5** response generation.
- Implemented **AWS Lambda** functions for storing prompts and LLM configurations in **Snowflake**.
- Automated nightly email alerts using **Terraform and AWS CloudWatch.**
- Skill used : **React Js, Django, AWS, Terraform, Swagger**.

## Projects

**JIIT-Placement Portal** ***ReactJs, TailwindCSS, MongoDB, ExpressJs.*** Source Code

- A React TNP Department System, increasing submission **accuracy by 100**% and **reducing errors**, **auto fill feature** which saves a lot of time and **AI feature** which suggest opening.
- Created **25+ APIs**, **JWT** based authentication and **bcryptjs** to make more secured password.
- Implemented a **reminder email system** which remindes events date.
- A **React Native Application** for the same created for making more convenient and easy apply.

## Position Of Responsibities

**Knuth Programming Hub** *07/2023 - 07/2024*
*Coordinator* JIIT-Noida

- Organized competitive programming events in college and helped students in DSA/CP questions.

**Google Developer Student Club** *08/2023 - 08/2024*
*Technical Team Member* JIIT-Noida

- Worked on organizing various types of technical workshops and spreading awareness about development.

## Technical Skills and Interests

**Languages** : C/C++, Python, Javascript, TypeScript, HTML/CSS
**Libraries** : C++ STL, React, Angular Js, Nest Js
**Web Dev Tools** : Nodejs, VScode, Git, Github
**Frameworks** : Next Js, ExpressJs, Spring Boot, React Native
**Cloud/Databases** : MongoDB, Relational Database(MySql)

## Achievements

1. **Publication of Conference Paper at the 5th ICESC - 2024** Implemented an AI-based mental health prediction system.
2. **JSCOP-23 Ideathon** Secured 2nd place.
3. **International Mathematical Olympiad** Ranked 153rd internationally and 9th zonally.
4. **Codechef-4 Star(1809), Codeforces-Expert(1640), Hackerank-5 Star, Leetcode-Knight(1866)**
